ENDURAMAT

HEAVY DUTY GROUND PROTECTION/ TEMPORARY ACCESS

Don't lose valuable workdays due to saturated ground conditions, soft or unstable soil.

Every work truck should have EnduraMat to protect from costly damage to landscapes & hardscapes.

BENEFITS:

- Drive cars, trucks, forklifts & cranes weighing up to 176,000lbs, causing **little to no disturbance to the ground underneath.**
- Vehicle & pedestrian anti-skid surface **for safety.**
- Molded hand grips make it **easier to maneuver.**
- Inline pattern makes it **easier to clean.**
- Assorted colors (including translucent) & custom branding are available, **help to stand out from the competition.**
- Made of durable composite materials, **lasting for many years of repeat use.**
- **100% recyclable**
