

LOWPRO 15/10 TRENCH COVER

TRENCH COVER SYSTEM

The LowPro 15/10 Trench Cover uses our patented Flexi-Edge technology and is a suitable driveway board for 7,716lb vehicles over a 3ft wide trench.

PRODUCT RANGE

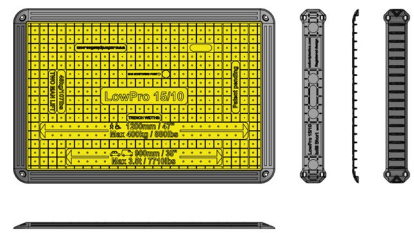

LOWPRO 15/10 TRENCH COVER

Usage Benefits

- ▶ Safely cover holes and trenches up to 3ft wide
- ▶ Patented Flexi-Edge around the fiberglass board creates a durable protective barrier for the cover
- ▶ Hi-vis and anti-trip trench covers create a safe passageway for pedestrians and vehicles
- ▶ To support vehicles up to 7716lb
- ▶ Enable access for residents to their homes
- ▶ Prevent unwanted movement and eliminate need for cold patch using our patented Flexi-Edge technology
- ▶ Install a run of LowPro Trench Covers with the Infill Strips for smooth transition from cover to cover
- ▶ Inquire about minimum order quantities for customizations
- ▶ Gas vents and probe hole are designed into the cover
